### ABOUT ME

LinkedIn Profile:

<https://www.linkedin.com/in/mustafa-cihan-incir-b53393247/>

Github Profile:

<https://github.com/Cihan9946>

Kaggle Profile

<https://www.kaggle.com/mustafacihanncr>

### PROJECTS

- Analyzed navigation records for accurate metrics and created a Power BI dashboard with waste data insights, delivering clean code, a .pbix file, and a PDF report.
- XRay-Images-TransferLearning-FineTuning
- Stock Tracking Automation
- Construction Company (<https://cec.net.tr/>)
- Firat Video(<https://video.firat.edu.tr/>)
- Data Logger (Docker integration of email sending code written in Python)
- Contectus website(<https://contectus.com/>)
- Financial Analysis: Artificial intelligence study to predict Nasdaq prices on a certain basis Metrics.
- Cifar-10 CNN : Convolutional Neural Network (CNN) project based on the Cifar-10 dataset.
- Using Python's Selenium for data extraction to build a dataset. Applying sentiment analysis and NLP on the dataset, e.g., for creating a chatbot.
- A model that predicts the next time period was created by pulling live data from Sql with Python and using the artificial intelligence model LSTM (Long Short Term Memory).

### WORK EXPERIENCE

Firat University- Elazığ- Ddyo (volunteer intern)

I worked as a Backend developer at the Digital Transformation Software Office. (01/02/2023-09/09/2023)

Contectus-Ankara

I work in the fields of Backend developer and artificial intelligence at Contectus company, and I have been working remotely full-time since (01/10/2023).

### EDUCATION

FİRAT UNIVERSITY 2022-2026

Faculty of Technology  
Software engineering

CODE 23 2023-2024

I completed the six-month face-to-face artificial intelligence training

High School Transcript

3rd Year / GPA: 3.40

### COMPETENCIES

-python(Selenium)  
-python (machine learning)  
-Data Analysis  
-MySql  
-Artificial intelligence  
-Redis  
-Docker  
-Sentiment Analysis  
-Lstm  
-PowerBI  
-php(laravel)Multi-language  
-Java Programing

### LANGUAGES

- İngilizce B1 (Certificated from Firat University School of Foreign Languages)
